

# Enhancing the Resilience of Tourism Reliant Communities to Climate Change Risks Project

## Description

The objective of the project is to enhance the resilience of **tourism**-reliant communities to **climate change** risks. This will be achieved by integrating **climate change** into **development policy** and instruments, and investing in **adaptation** actions supporting **tourism**-reliant communities. These are priorities identified under Samoa's National **Adaptation** Programme of Action (NAPA). Resources will be used to establish financial support schemes and risk transfer mechanisms develop a sector--?tailored **early warning** system and implement concrete **adaptation measures** in high priority tourism?reliant communities and **tourism** sites targeting the management of coastal **infrastructure**, **water** resources, shore line and **tourism** resources including recreational activities.

Start Date Saturday, May 25, 2013

End Date Thursday, May 25, 2017

Short Title ICCRITS

Project Type [Capacity Building](#)  
[Community Awareness](#)

Project Scope [National](#)

Project Comments Parallel co-financing: Government of Samoa, UNDP.

? Submitted by [priscillao@sprep.org](mailto:priscillao@sprep.org) on Thu, 25/05/2017 - 10:40

## Project Donor(s)

[GEF Least Developed Countries Fund \(LDCF\)](#)

- Funding Amount: USD \$1,950,000

## Implementing Organisation(s)

## Topics

Climate Change  
Industry  
Tourism  
Natural Resources and the Environment  
Coastal zone  
Conservation  
Natural resource management  
Oceans

## Focus Area

Sustainability  
Planning  
Community-based approach  
Infrastructure
