

Enhancing the Resilience of Tourism Reliant Communities to Climate Change Risks Project

[PDF version](#) or type unknown

Description

The objective of the project is to enhance the resilience of [tourism](#)--reliant communities to [climate change](#) risks. This will be achieved by integrating [climate change](#) into [development policy](#) and instruments, and investing in [adaptation](#) actions supporting [tourism](#)-reliant communities. These are priorities identified under Samoa's National [Adaptation](#) Programme of Action (NAPA). Resources will be used to establish financial support schemes and risk transfer mechanisms develop a sector--?tailored [early warning](#) system and implement concrete [adaptation measures](#) in high priority tourism?reliant communities and [tourism](#) sites targeting the management of coastal [infrastructure](#), [water](#) resources, shore line and [tourism](#) resources including recreational activities.
