

# Intra-ACP Climate Services and Related Application (ClimSA) in the Pacific

Description	PDF version or type unknown
<p><b>Goal:</b> To support the <a href="#">climate</a> information services value chain with technical and financial assistance, <a href="#">infrastructure</a> and <a href="#">capacity building</a>. This will ultimately result in improved access and use of <a href="#">climate</a> information and enable the use of <a href="#">climate</a> services and applications for decision-making at all levels in the Pacific region.</p> <p><b>Target Sector:</b> <a href="#">Agriculture</a> (including <a href="#">Fisheries</a>) and <a href="#">Disaster Risk Reduction</a></p> <p><b>Outputs:</b></p> <ol style="list-style-type: none"><li>1. Structured interaction between the users, researchers and <a href="#">climate</a> services providers</li><li>2. Effectively guaranteed provision of <a href="#">climate</a> services at regional and national level</li><li>3. Improved access to <a href="#">climate</a> information</li><li>4. Enhanced capacity to generate and apply <a href="#">climate</a> information and products</li><li>5. Enhanced <a href="#">climate</a> informed decision-making and mainstreamed <a href="#">climate</a> services into <a href="#">policy</a> processes at regional and national level</li></ol>	

Project Status	<a href="#">Current</a>
Start Date	Friday, January 1, 2021
End Date	Wednesday, December 31, 2025
Duration	Four years
Short Title	Pacific ClimSA
Project Type	<a href="#">Capacity Building</a> <a href="#">Disaster Response</a> <a href="#">Knowledge Communication</a>
Project Scope	<a href="#">Regional</a>

## Implementing Organisation(s)
