

Enabling Activity for the Preparation of Tuvalu's Second National Communication to the UNFCCC

[PDF version](#) or type unknown

Description

The project will enable Tuvalu to prepare its Second [National Communication](#) to the Conference of the Parties of the UN Framework Convention on [Climate Change](#). The activities within the Second [National Communication](#) (2NC) are a continuation and update of the work done by Tuvalu to prepare its Initial [National Communication](#) (INC) that was carried out under the regional Pacific Islands [Climate Change Assistance Project](#) (PICCAP). The main components of the project are:

1. Inventory of GHG Emissions,
2. Programmes containing [measures](#) to facilitate adequate [adaptation](#) to, and [mitigation](#) of [climate change](#),
3. and Programmes and national action plans that are considered relevant for the achievement of the objectives of the UNFCCC.

The Project will further enhance the national capacities and will raise general knowledge and awareness on [climate change](#) and its effects. It will also contribute to putting [climate change](#) issues higher on the national agenda through strengthened cooperation and increased involvement of all relevant stakeholders in the process. In addition, it will strengthen and build national capacities for participation in different mechanisms related to GHG [mitigation](#) and to fulfilling other commitments under the UNFCCC.

Funding source: GEF Trust Fund

Project Status

[Completed](#)

Start Date

Saturday, October 23, 2021

End Date

Saturday, October 23, 2021

Project Type

[Capacity Building](#)

Total Funding

405000

Project Scope

[National](#)

Project Actions

A) Inventory of GHG Emissions;

Implementing Countries

Tuvalu
