

Preparedness for Climate Change Project

Description

The aim of this program was for the Red Cross and Red Crescent National Societies in countries particularly vulnerable to **climate.change** to gain a better understanding of **climate.change** and its impacts to identify country-specific **adaptation measures** in line with risks. Activities could include a workshop on risks, assessment of risks through preparation of a background document, **capacity.building** programs, and developing **climate.change** resilient plans. This is a 2-phase program: Phase 1 was from 2006-2009, and Phase 2 is ongoing.
