

Global Climate Change Alliance: Pacific Small Island States

[PDF version](#) or type unknown

Description

The Global [Climate Change](#) Alliance: Pacific Small Island States (GCCA: PSIS) project is a five-year, €11.4 million initiative, funded by the [European Union](#) and implemented by the [Secretariat of the Pacific Community](#). The overall objective is to support the governments of nine Pacific smaller island states, namely Cook Islands, [Federated States of Micronesia](#), Kiribati, Marshall Islands, Nauru, Niue, Palau, Tonga and Tuvalu, in their efforts to tackle the adverse effects of [climate change](#). The purpose of the project is to promote long term strategies and approaches to [adaptation planning](#) and pave the way for more effective and coordinated aid delivery on [climate change](#) at the national and regional level. See [overall project information sheet](#).

See the most recent project annual report below:

- [Annual Report 2015](#) and [Country Annexes](#)
- The final evaluation of the GCCA: PSIS project was conducted from January to May 2016 and is available for [download](#).

See a regional [climate change awareness documentary](#) and lessons learnt information sheet produced by the project.

Regional collaboration

The GCCA: PSIS project has held four Steering Committee meetings to date, enabling countries to share with each other and with regional organisations and [development](#) partners their experiences and lessons learned. Reports from the Steering Committee Meetings are available here.

- [SCM 1 -€“ 2012 \(May\)](#)
- [SCM 2 -€“ 2012 \(December\)](#)
- [SCM 3 -€“ 2013 \(October\)](#)
- [SCM 4 -€“ 2014 \(June\)](#)
- [SCM 5 - 2015 \(September\)](#)
- [LLM 1 - 2015 \(September\)](#)

The GCCA: PSIS project is supporting the [development](#) of the [Strategy for Climate and Disaster Resilient Development in the Pacific \(SRDP\)](#), through consultations and provision of technical assistance.

The GCCA: PSIS project is also supporting [development](#) of the [Pacific Climate Change Portal](#).

|--------------------|--|
| Project Status | Completed |
| Start Date | Tuesday, July 19, 2011 |
| End Date | Saturday, November 19, 2016 |
| Duration | 60 |
| Short Title | GCCA: PSIS |
| Project Type | Capacity Building Community Awareness Informal Training Courses Knowledge Communication Pilot / Trial / Demonstration Project |
| Total Funding | 14,750,000 |
| Project Scope | National |
| Project Objectives | The overall objective of the European Union funded GCCA: PSIS project is to support the governments of nine smaller Pacific Island states, namely Cook Islands, Federated States of Micronesia , Kiribati, Marshall Islands, Nauru, Niue, Palau, Tonga and Tuvalu, in their efforts to tackle the adverse effects of climate change . The purpose of the project is to promote long-term strategies and approaches to adaptation planning and pave the way for more effective and coordinated aid delivery to address climate change at the national and regional level. |
| Project Outputs | 1) Supports national efforts to successfully mainstream climate change into national and sector response strategies. 2) Supports countries to better equip themselves to access climate change funds through different financing modalities 3) Implements on-the-ground, climate change adaptation activities in a country-selected sector. 4) Builds regional capacity to deliver streamlined adaptation finance and streamline technical assistance to countries. |
