

Food security in the Pacific and East Timor and its vulnerability to climate change

Description

This report was produced by a multidisciplinary team consisting of staff of the [Secretariat of the Pacific Community](#) (SPC), the Commonwealth Scientific and [Industrial Research](#) Organisation (CSIRO) and an independent consultant. Primary [research](#) and report drafting was undertaken by Jay McClean with the assistance of Mary Taylor, Johann Bell and Brian Dawson (SPC), in collaboration with Alistair Hobday, Sarah Park and Tim Skewes (CSIRO). The analyses of household income and expenditure surveys, and land tenure, were contributed by Greg Keeble, Jonathon Bower and Tim Martyn (SPC). Brian Dawson was responsible for overall project coordination and management.

Project Status [Completed](#)

Start Date Thursday, October 1, 2020

End Date Thursday, October 1, 2020

Project Type [Capacity Building](#)

Project Scope [Regional](#)

Project Objectives This report examines the costs, benefits and opportunities for energy standards and labelling in Pacific Island countries and territories. It puts forward information for [policy](#) makers and indicates the potential benefits that can be realised by governments, businesses and consumers alike.
