

# Regional Pacific NDC Dialogue

**Dates: 12 – 14 March 2018**

**Venue: Holiday Inn, Suva**

## Agenda

The 3<sup>rd</sup> **Pacific Regional Dialogue on Nationally Determined Contributions (NDCs)** and consultations on the **Regional Pacific NDC Hub** will provide an opportunity for Pacific Island countries to share experiences and needs on the implementation of their NDCs. Countries, partners, regional organisations, private sector and civil society organisations will also provide input to the establishment of the Regional Pacific NDC Hub – a regional arm of the NDC Partnership (<http://ndcpartnership.org>).

It will support countries in the process of implementation and enhancement of their NDCs and aims to:

1. Exchange national experiences and views related to NDC implementation planning, including linkages to SDG processes, on opportunities to advance gender equality, on future steps on NDC's enhancement and revision, and on linkages to long-term strategies.
2. Identify concrete opportunities for action in translating NDCs into actionable projects, in particular in the energy sector, to contribute to NDC goals, including linkages with sectoral planning.
3. Discuss finance considerations, including private-sector engagement, in the context of NDC implementation.
4. Agree on the details of the Regional Pacific NDC Hub (in terms of services provided, funding mechanism, structure, and governance) and finalize the draft design document based on country priorities and needs.

With support from:

## AGENDA

Time	Content
