

# Lessons Learnt

## Media Training

- Important for the Media and SMD to understand & appreciate each others roles
- Need to simplify the language
- Continued Dialogue
- Need for more trainings for the media on Met terminology & science
- Use of the media as a vehicle to deliver Early Warning to communities

## Community Level

- More awareness programmes for communities to obtain feedback
- A trilateral partnership between SMD, DMO and SRC to be formalised to deliver the information to communities
- Consistency in information delivered to communities through partnerships with all NGOs

# Q & A
