

FSM Net Metering Initiative

Net Metering

Net Metering is a new tariff policy now available in Chuuk for Solar PV installations with connections to the grid to sell and earn credits on excess electricity.

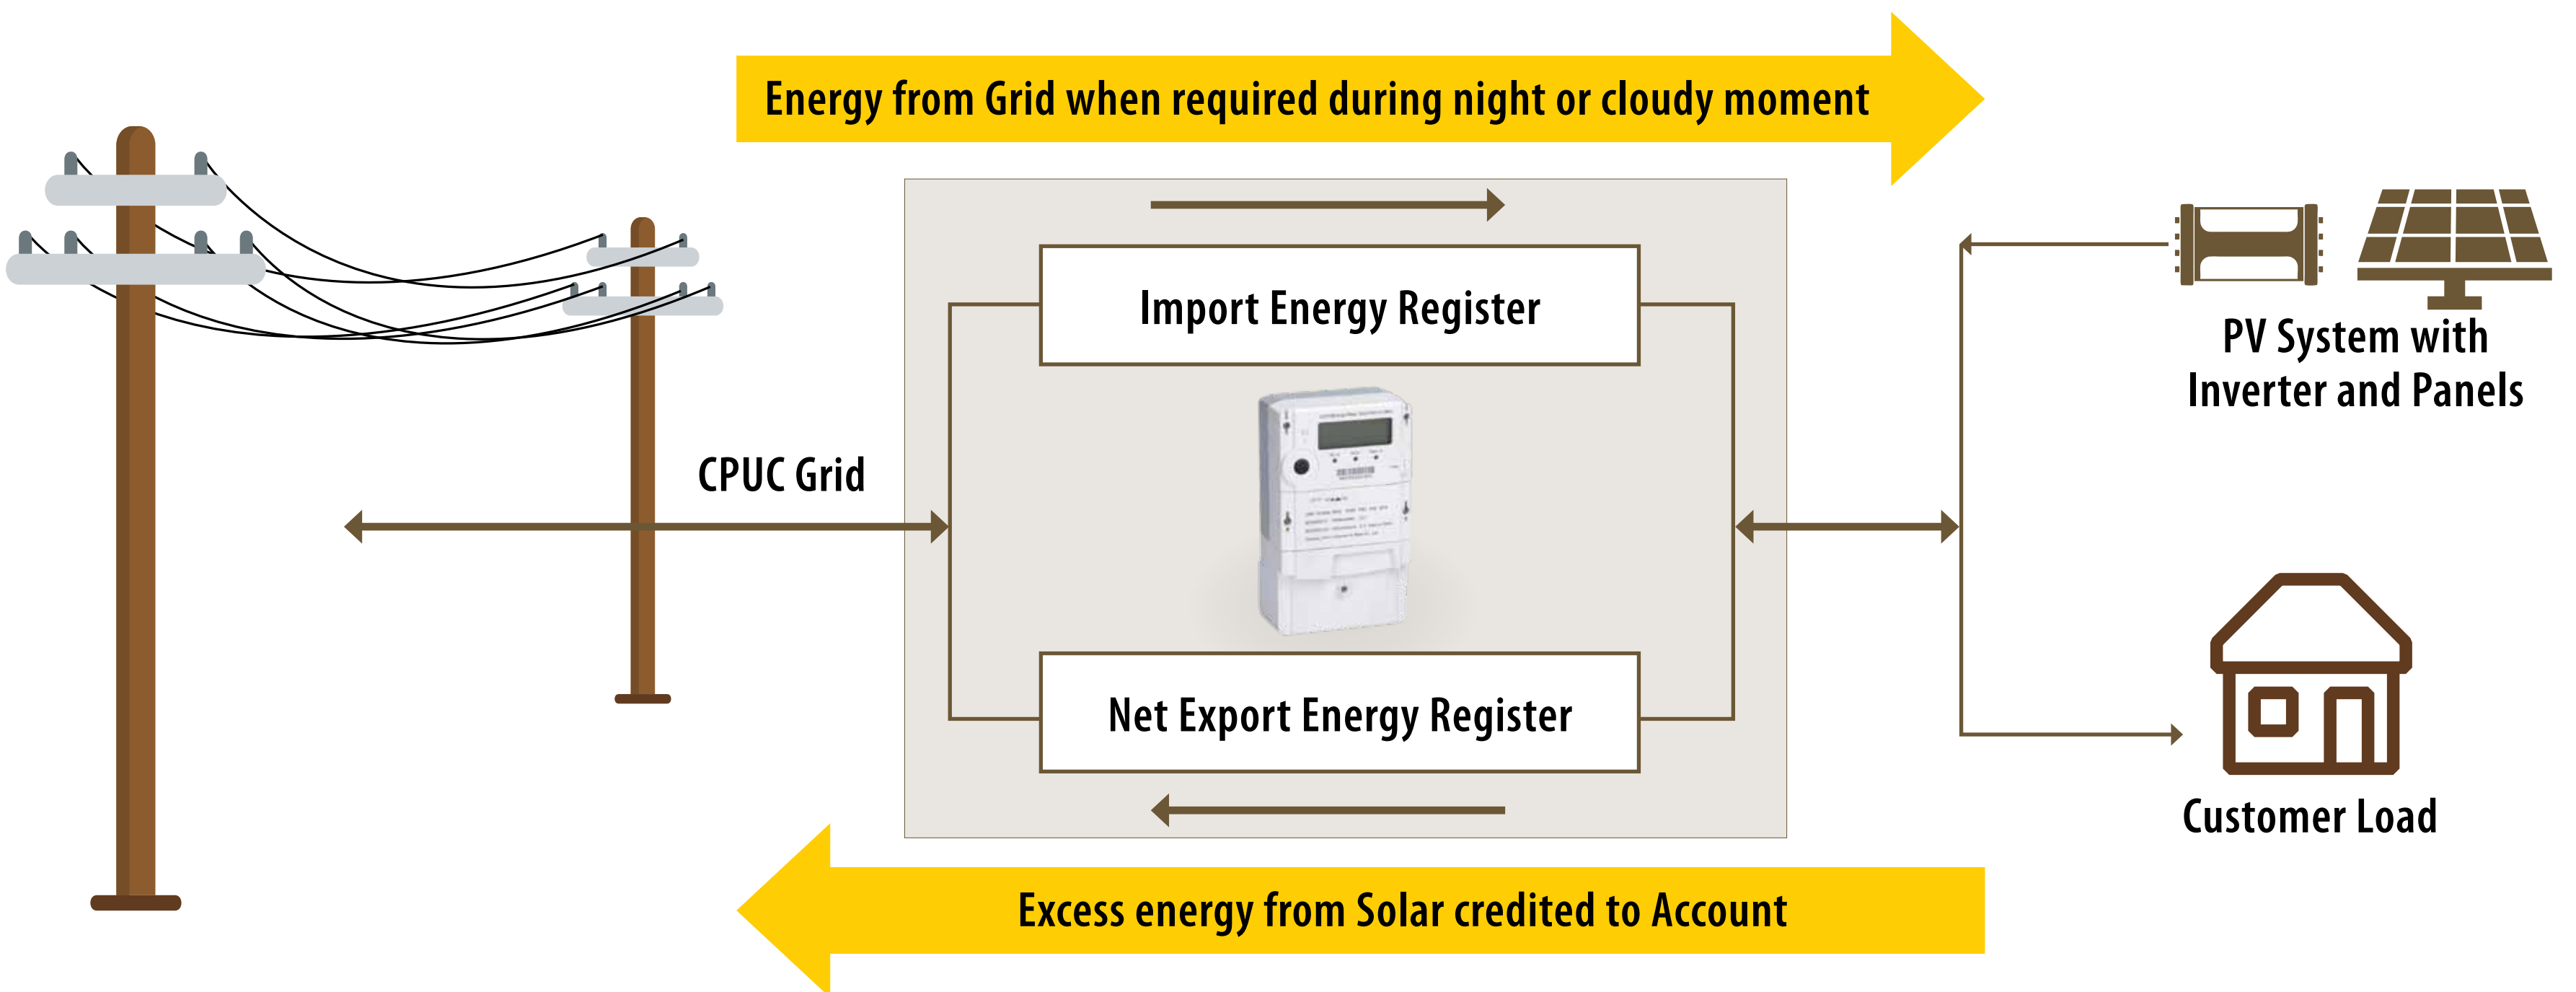

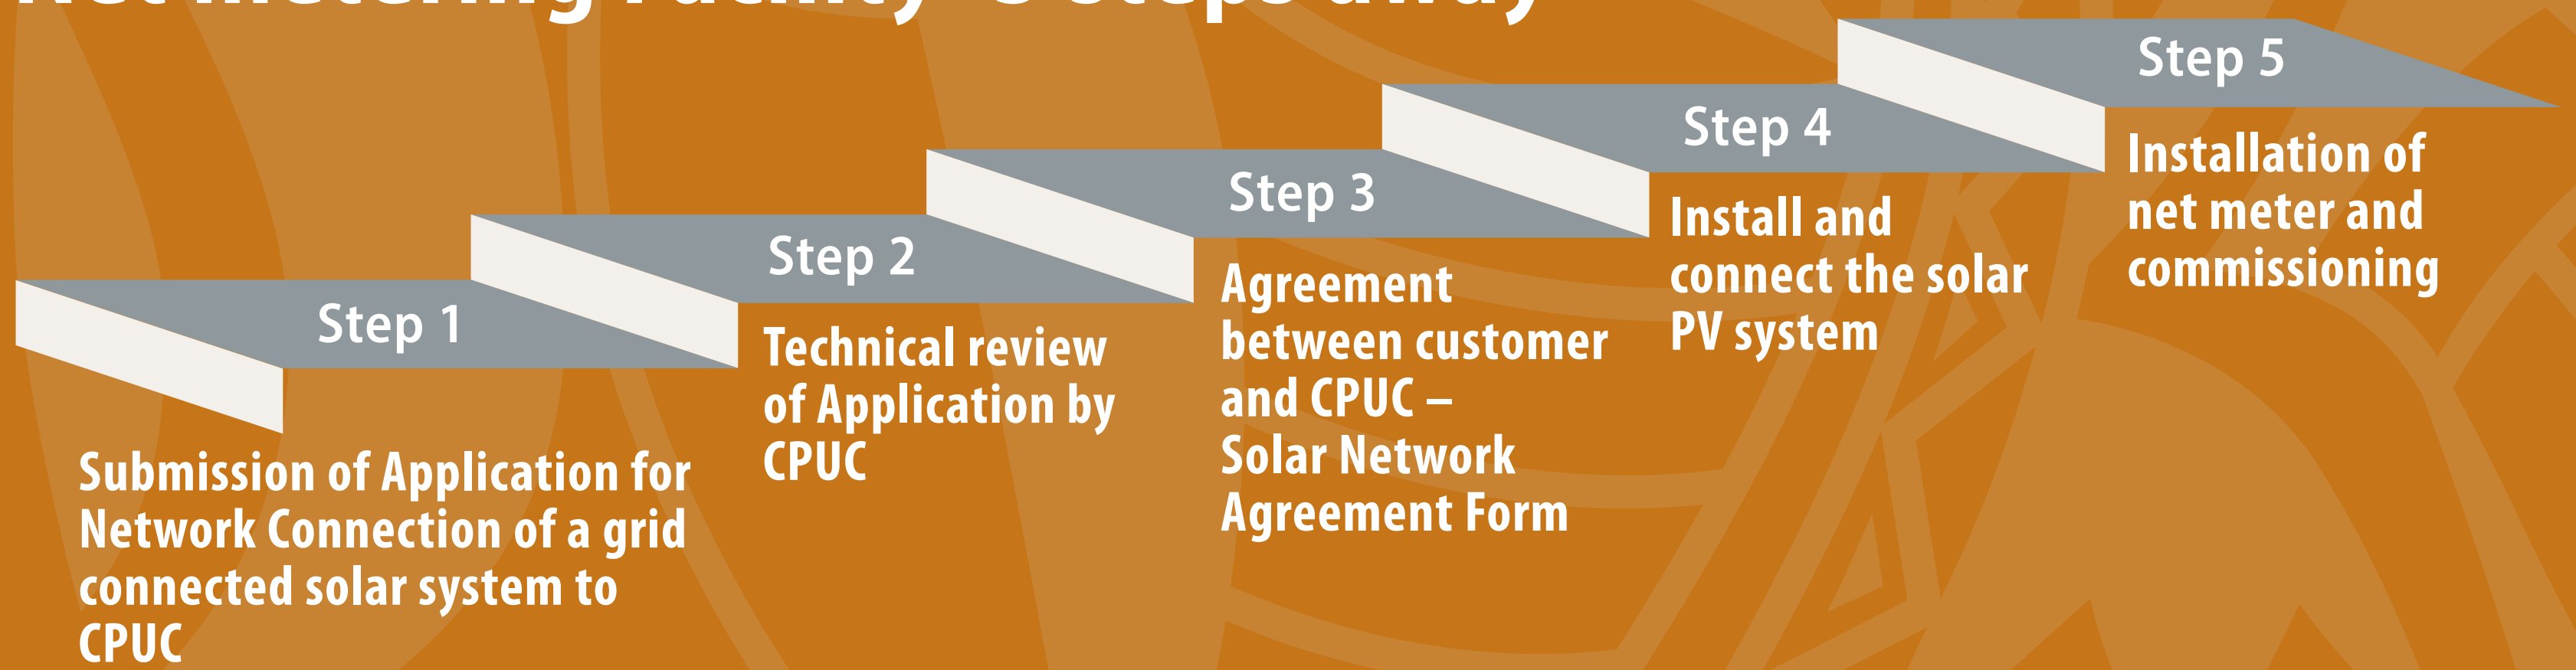

Whose Applicable?

Anyone with own property that have or plans to install Solar PV with grid connection.

How to Apply?

Visit the Chuuk Public Utility Corporation and speak to one of our officers on this initiative and the support available to assist you in.

Net metering Facility–5 steps away
