

# INTEGRATED REGIONAL STRATEGY ON DISASTER RISK MANAGEMENT AND CLIMATE CHANGE

PACIFIC CLIMATE CHANGE ROUNDTABLE 2013  
(3-5 JULY 2013)

## OUTLINE

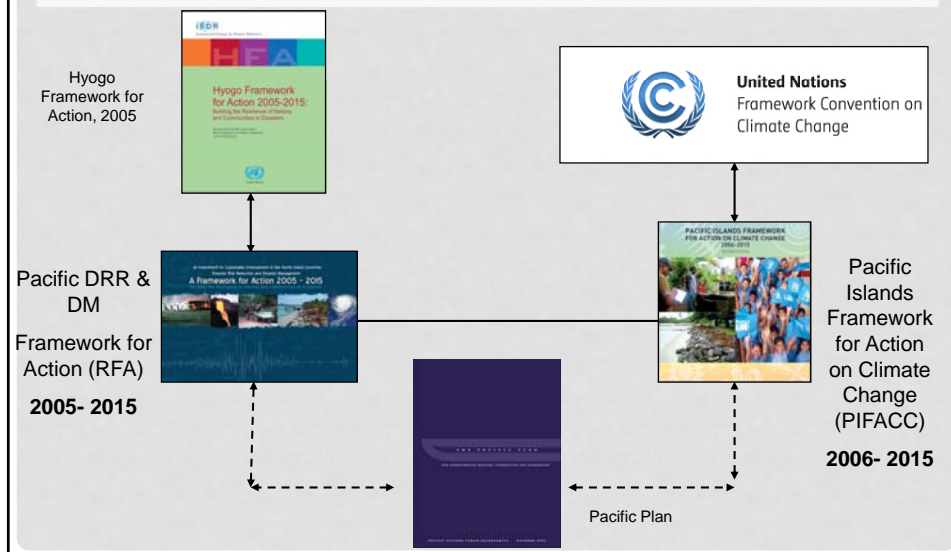

- The Roadmap process
- Key Deliverables
- Milestones and Timeline
- Steering Committee

## ROADMAP PROCESS

- The process of formulation and development of the new Pacific Integrated Regional Strategy for DRM and Climate Change
- Endorsed by the Pacific region in 2011
- Responding to a call for CC/DRM integration
- New strategy will replace the existing regional frameworks, expiring in 2015 (RFA and PIFACC)

## POLICY CONTEXT

## ROADMAP PROCESS

- Based on 3 principles:
  - Leadership** (by PICTs in defining focus/ parameters)
  - Ownership** (by PICTs and partner organisations)
  - Inclusion** (diverse stakeholder requirements)
- Pacific: first region in the world to develop an integrated CC/DRM regional framework

## ROADMAP PROCESS

- Led by a Steering Committee
- Supported by a Technical Working Group (SPC, SPREP, UNISDR)
  - Regional advisors
- Dedicated consultations – at different levels
  - Regional Meetings/Conferences
  - Dedicated stakeholder consultation workshops
  - Broad circulation of documents to stakeholders for input
- Formulation/Approval Timeline: 2013- 2015

## ROADMAP DELIVERABLES
